IN
YOUR
HEART

*Sad and sudden was the call
of one so dearly loved by all,
a bitter grief, a shock severe
it was to part with one so dear.
We often sit and think of you
and speak of how you died.
To think you could not say good-bye
before you closed your eyes.
For all of us you did your best,
Oh God, grant you eternal rest.*

ANDY ETTLE

Andy was a great part of our senior class. Andy was friendly, out-going, and very important to all of us. Andy will be long remembered for his wood working skills, his hunting abilities, and his outstanding personality.

Andy will be long remembered in our hearts. We are thinking about you Andy. May you rest in peace.

THE FIVE THINGS SENIORS LIKED MOST ABOUT THEIR HIGH SCHOOL YEARS

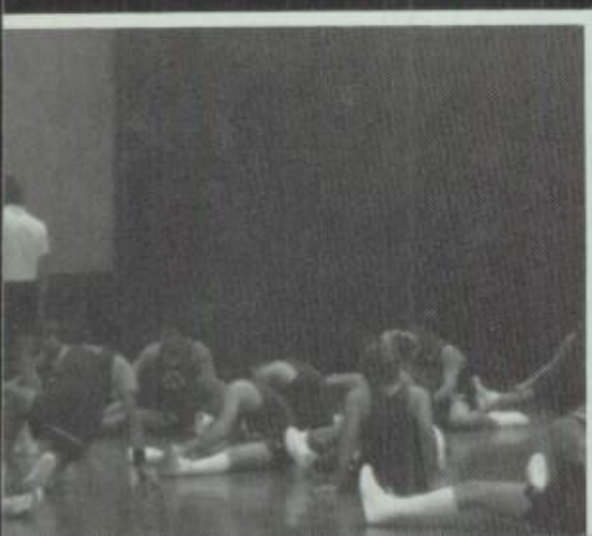

FRIENDS- During your high school years you meet a lot of new people, but everyone always has that special group of special friends. These friends make school No. 1!

WEEKENDS- As the bell rings every Friday at 3:20, everyone in school heaves a big sigh of relief. For the next two days, students can go, do, and see anything they want.

SPORTS- Everyone seems to love to participate in sports, and along with participating, everyone loves to watch. Whether participating or watching, all the games are great!

THE OPPOSITE SEX- Guys and girls alike all enjoy watching the opposite sex during their high school days. Who knows, maybe one of us will find that special person right here in this high school!

PARTYING- Along with weekends, friends, and school comes partying. Everyone getting together, having fun, and going crazy. It's the mornings after that are usually hard!

THE FIVE THINGS SENIORS DIS-LIKED MOST ABOUT THEIR HIGH SCHOOL YEARS

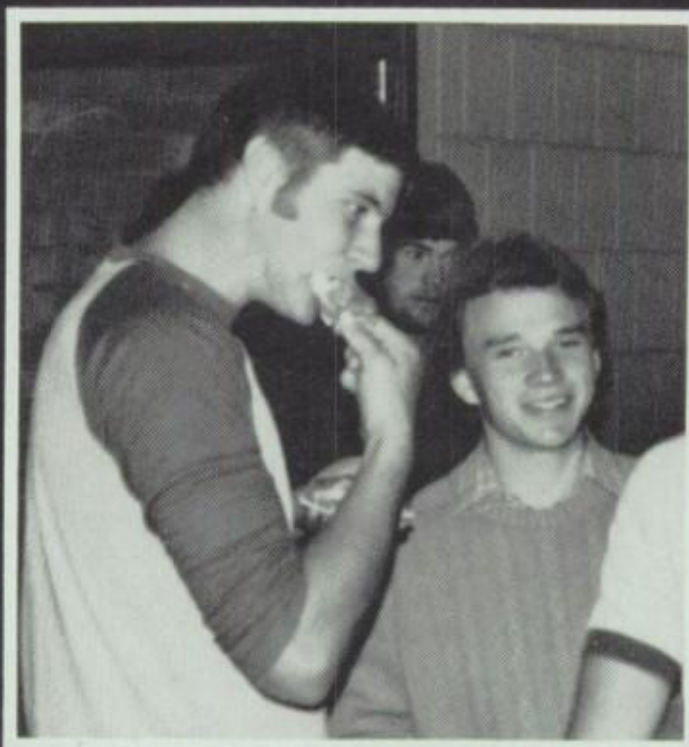

1 MONDAY MORNINGS- After having all weekend to party and go crazy, most students find themselves having a hard time dragging their weary bodies back to school on Monday mornings.

2 SCHOOL TEMPERATURES- If students aren't roasting in the fall and spring, they're freezing in the winter. I ask you, where did the school buy their thermometer?

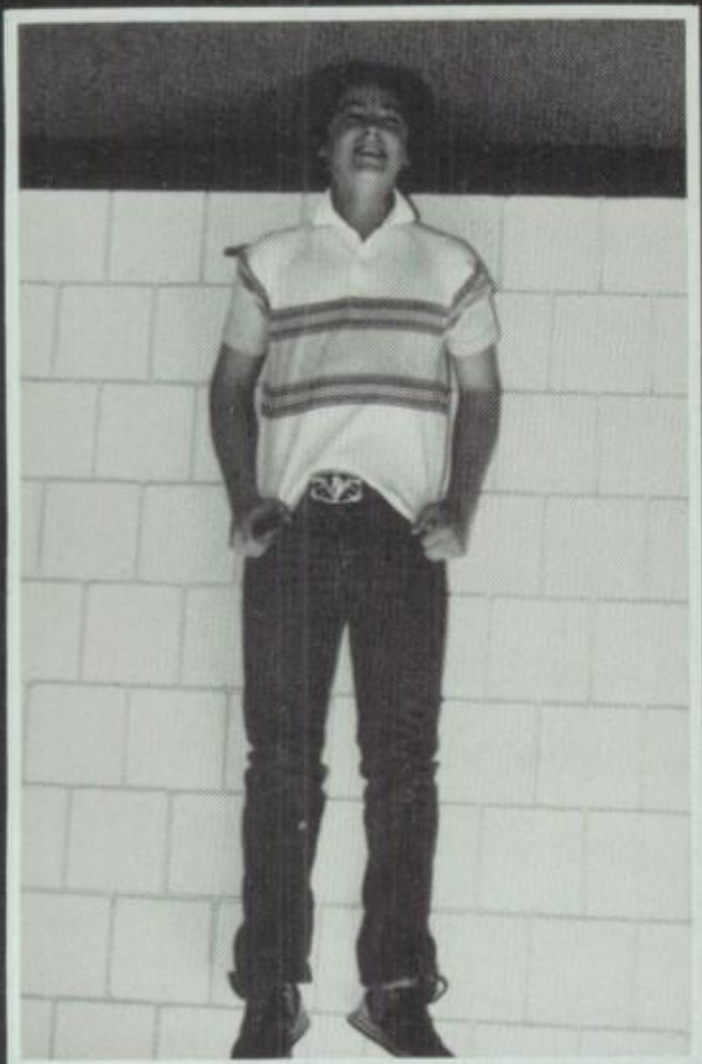

3 LOCKERS- Four feet high and six inches wide, and students are suppose to fit all of their school supplies in them - IMPOSSIBLE! (Especially when they're too close together!)

4 RULES AND REGULATIONS- Every where you go, there always seems to be too many! Where do they come up with them all?

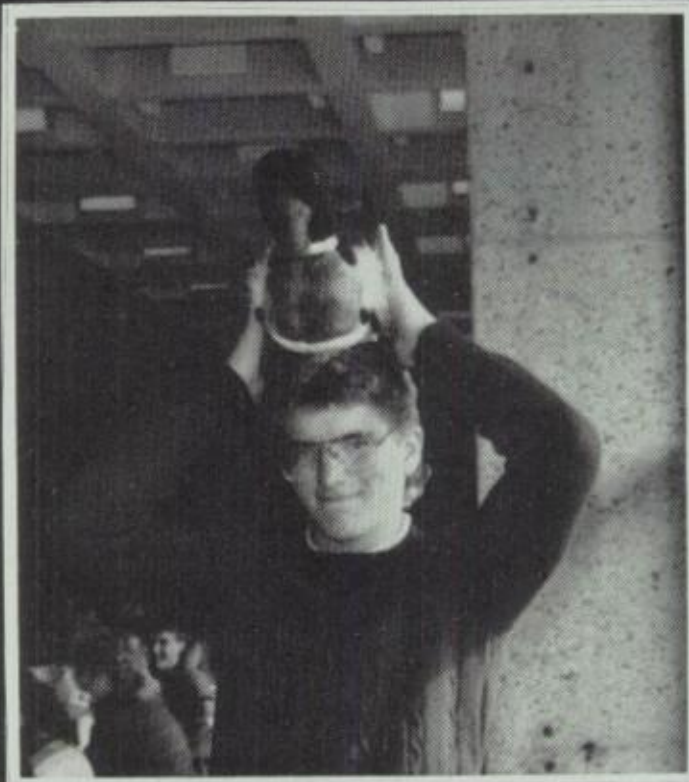

5 CLASS BREAKS- Seven hours of high school classes, and the time between classes is only four minutes. When exactly are you suppose to have time to gossip?

SO YOU THOUGHT YOUR FOLKS LOOKED FUNNY IN THEIR YEARBOOKS?!?

Crazyglue- It really works!

A second childhood?

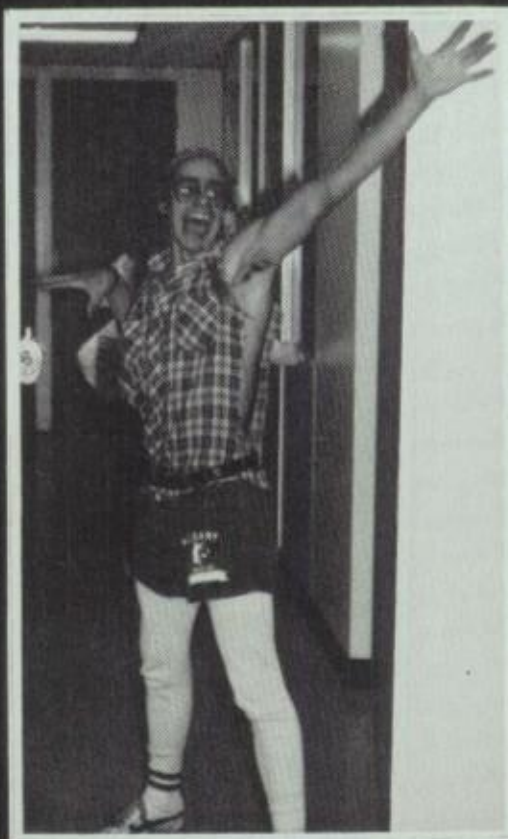

A true Albany warrier.

STRANGE!!

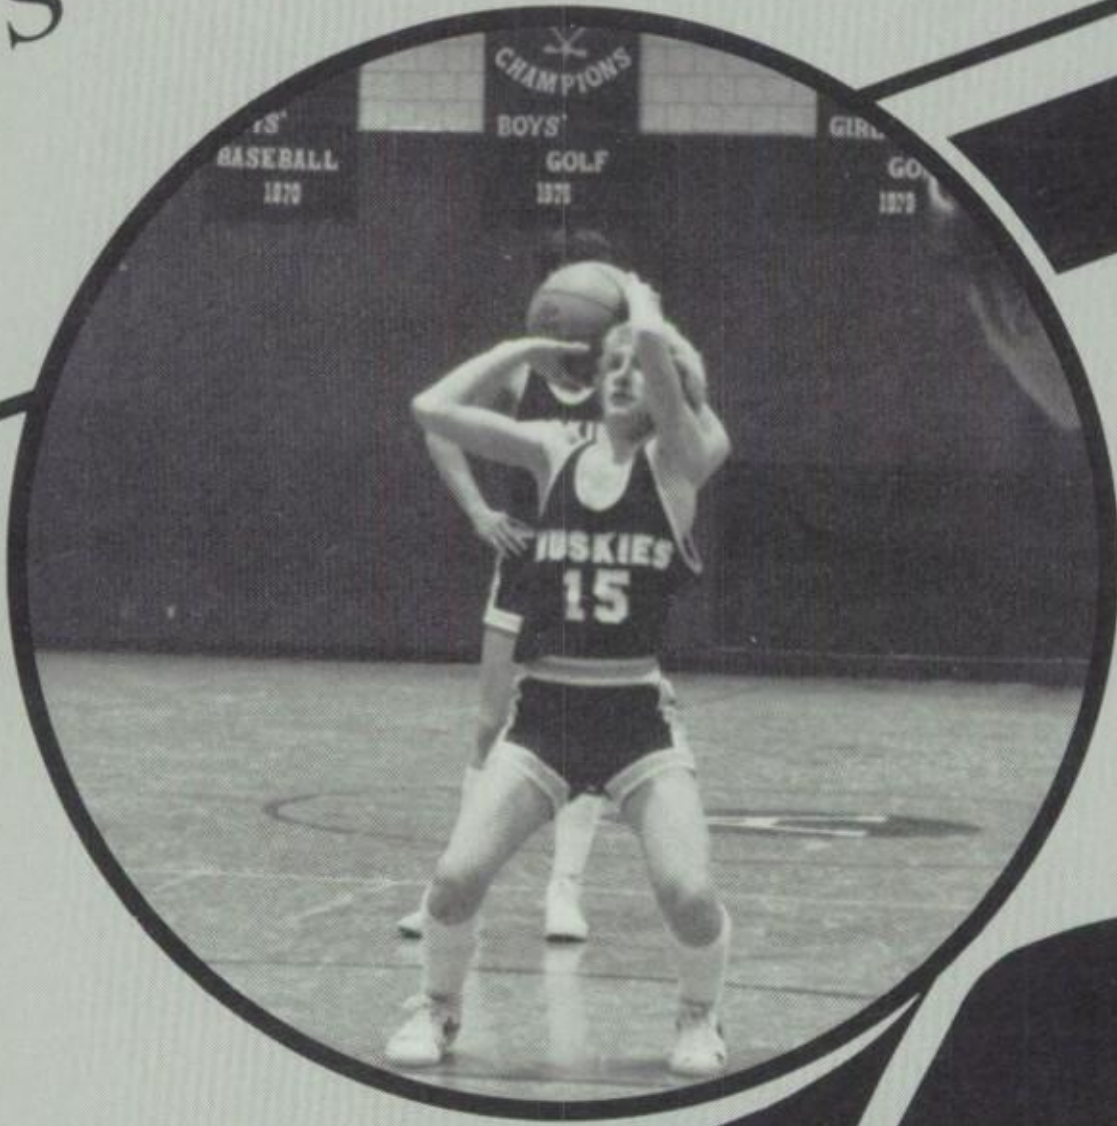

Truly fashionable sungalsses!

The _____, about to attack!

FANS

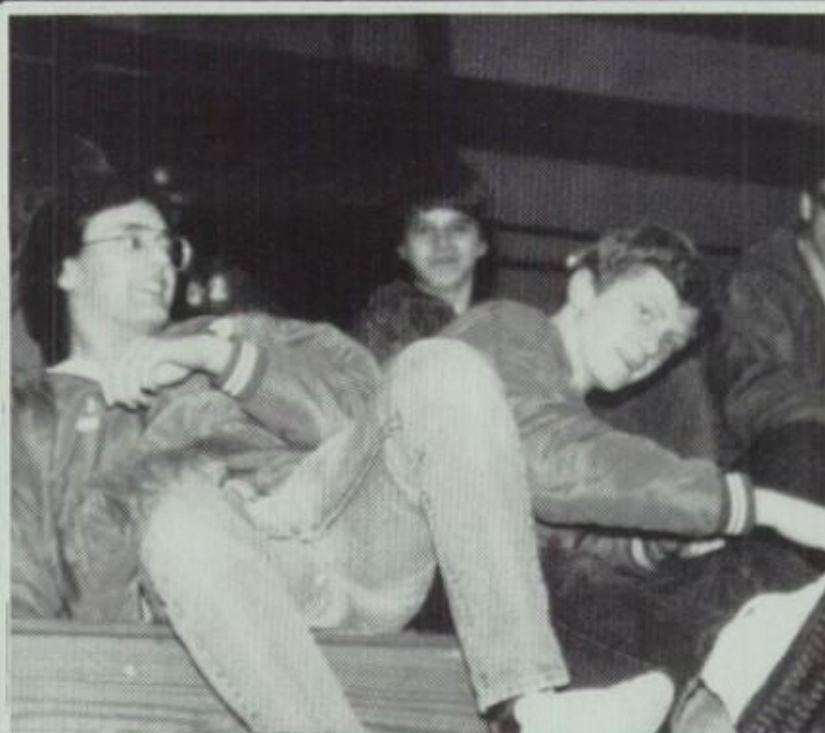

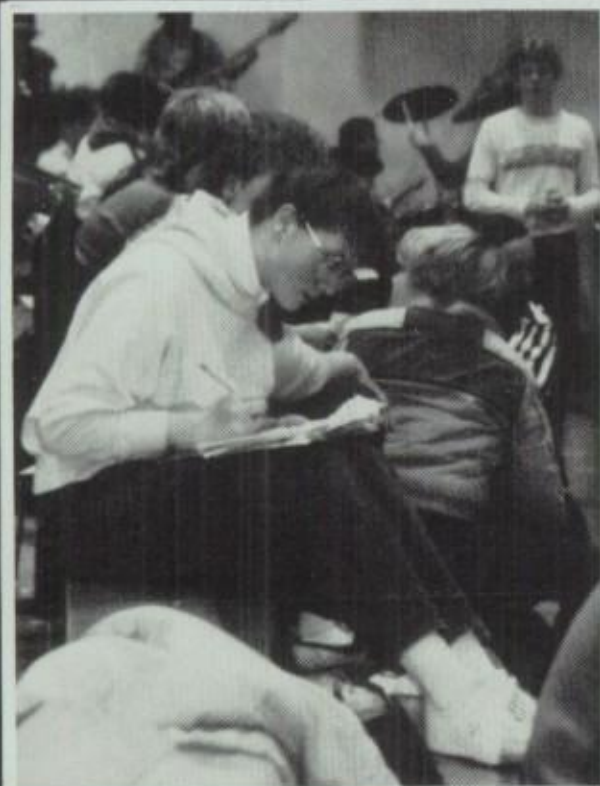

Throughout the school year, sports play a major role in all of the students lives. Even though not all of the students actually participate in the games, most play a very important role. They are the fans. Fans help to support the team and keep the spirit of the high school alive. We're dedicating these pages to all of those great fans out there who keep the teams going **THANKS!**

I feel just like an executive.

There can't be a deadline tomorrow!

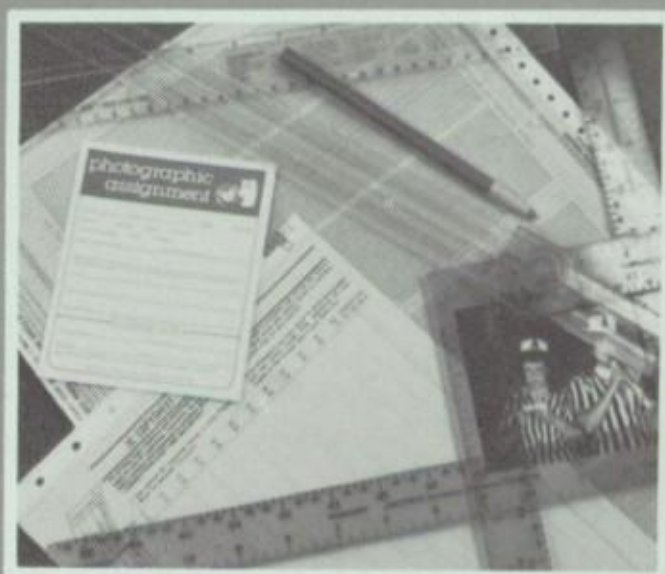

What do you expect at 8:30 on a Saturday morning??

STAFF

Editor-in-chief: Lisa Westgard

The Annual Staff is a team which consists of many dedicated and hard working individuals. There is a lot of work involved when dealing with the yearbook. Pictures must be taken, 3C forms must be filled out, pictures must be stamped, and cropped, ads and annuals must be sold, and of course, layouts must be drawn and redrawn and redrawn

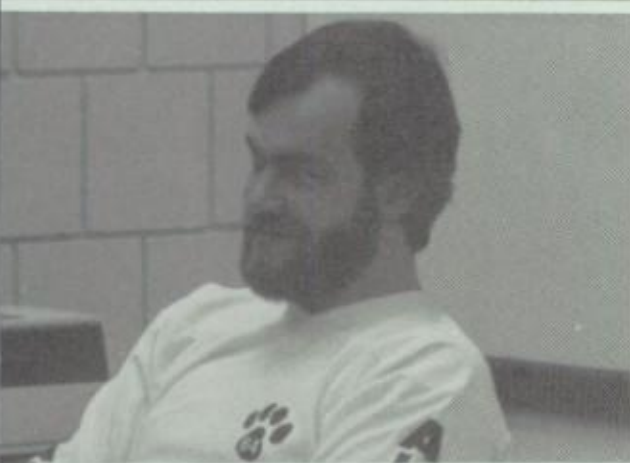

The staff must use their imagination and creativity skills in order to create such a memorable book. A lot of time and effort is put forth in meeting the deadlines so the students can receive their annuals before the summer.

As editor, I feel that this year's annual staff did a terrific job in capturing those special, magical moments!!

Have a good one!
Lisa Westgard

The Lettermen's Club is made up of athletes that have met certain requirements in their specific sport or sports and have earned a letter.

The Lettermen's Club holds induction ceremonies twice a year. After induction, new members are allowed to buy a lettermen's jacket which is symbolic of club membership.

The annual fund raiser is the sale of Homecoming buttons. The money raised is used in funding the senior lettermen's fishing trip. Over the years, the club has purchased equipment for the athletic training room. Items purchased include a freezer, a refrigerator, training tables, and heat lamps.

CHOIR

The Concert Choir presented its traditional concerts during the year. The fall concert contained the theme of patriotism with Mr. Dick Cady as the guest speaker. The Band and Choir presented their annual Christmas Concert in December. Many individuals and small groups participated in the solo and ensemble contest. This spring has been a very busy time preparing for a spring concert as well as various trips.

The Drama Club was a newly devised club this year. AHS's French teacher and drama director, better known as Ms. Harthan, started this club.

Drama Club has put out plays this year. First, was the fall play, "The Mouse that Roared". This play was performed for the public. Second, was the one-act play, "Oh, What a Tangled Web". This play was only performed for competition.

Although the Drama Club puts on plays, a person doesn't necessarily have to be in the play to be a member of this organization. Drama Club is for anyone interested in drama.

One of the goals of the Drama Club was a trip to the Chanhassen this past spring.

AHS wishes to pay tribute to the few seniors who have given much of their time to dramatic productions. They are called the outstanding seniors. An outstanding senior is one who has worked a minimum of 150 hours in some facet of drama. Their expertise and dedication make productions possible. Their dependable leadership will be missed next year.

There are 140 young musicians who take part in the Concert Band program. After extensive tryouts, the sections of the band are finalized. These young musicians take part in many activities throughout the school year. In November select members performed in the District 19 Honors Band at St. Cloud State University. When December rolled around the Concert Band and Choral group teamed up for a concert. The proceeds from this concert go towards sending eight Albany musicians to a band camp at Bemidji University. In March the District solo and ensembles took place. Many students took part in this and some advanced to state level. At the end of April the Concert Band presented its annual Pop Concert. This concert is considered the best of its kind with a wide variety of talent displayed by the musicians in the department.

When it comes to financing, the Cavaliers have, over the past years, sold items in order to travel to such places as South Dakota, Mankato, Winnipeg and other places. In the fall the Cavaliers sell candy, followed by magazines and then into a Christmas candy sale. During the Pop Concert, tickets are sold with proceeds going towards future trips.

The Royal Guard performs year round. They represent this area in a superior way. They have achieved many honors over the years to become known as one of the top Guards in the State. This year they applied for entrance in the State North Star Circuit, competing with other fine guards, performing at St. Paul, Woodbury High School, and Richfield in the months of January, February, and March. The Guard is a highly selective group made up of dedicated young ladies. They add the sparkle and the showmanship to the Cavaliers.

The Albany Cavaliers have become ambassadors from this area and have touched thousands of people. Over this past summer and fall, over 100,000 people have seen the Cavaliers, and the good they bring to these areas. The community can be very proud of our young men and women. Their productive and worth may be seen throughout the school year and summer, a very dedicated group of individuals all working together.

PEP BAND

The pep band consists of the concert and cadet bands. The pep band is responsible for the unending enthusiasm that is present at football and basketball games. The infamous "twit squad" is also a part of the pep band. The twits perform cheers during time outs and during songs.

The colorguard performs pre-game for many of the football and basketball games. They perform half-time shows for basketball games and team up with the band for the football games.

SPEECH

Speech is a team too!

Speech is a Minnesota State High School League activity. Students can participate in any of the eleven categories: Serious Prose, Humorous Prose, Poetry, Drama Interpretation, Storytelling, Non-Original Oratory, Extemporaneous Speaking, Discussion, and Creative Expression.

After a season of invitational meets, speech students advance to the District 19 contest and possibly to Region 5 and State competition.

The students oral interpretation of a selection develops poise and self-confidence. Students may also develop and capitalize on their talents to organize, write, and present their own selections.

New friends, personal satisfaction, and learning are some benefits students enjoy in speech.

STUDENT COUNCIL

Officers. Top: S. Tamm (Pres.), Bottom: (L. to R.) S. Fischer (Sec.), J. Schmitt (Treas.), J. Schleper (V. Pres.)

The Student Council is organized in a way to get others view points on the issues that involve the Students at AHS. The year of 1984-85 sparked many new ideas, aims, and goals.

The Student Council organized a very exciting and fun filled Homecoming Program. The Student Council also spent the home football games in the concession stand which earned money that was used for future expenditures. They also sponsored an eight hour raffle and supplied the football team with cupcakes.

The money used during the school years have gone to causes such as camps, workshops, conventions and scholarships. All to better the student body as a whole.

"Different things please different minds" was their main goal for the past school year.

Library Club consists of volunteers from the student body who give their study hall time when able, to help the library run smoothly.

Club members learn how a library functions and the work that is necessary to make it an efficiently run resource center. Many hours are spent shelving books, sorting magazines and dusting and straightening the books.

Fund raisers are held periodically to raise money. The profits are used to reward the members for their efforts. The club votes on activities to take part in, such as movie and pizza, snowtubing, bowling or a Christmas party.

The Library Club has no elected officers. The club works with committees who plan each activity throughout the year so that everyone gets equally involved in the planning.

Library Club serves a definite purpose in the school, being there to serve the students and faculty who use the library.

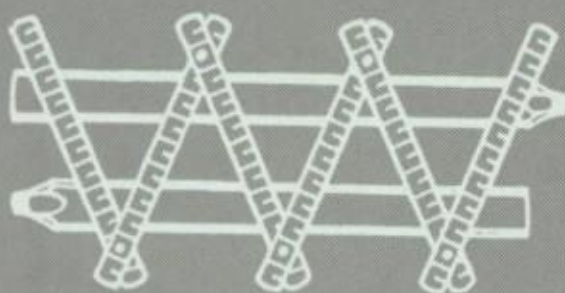

SCIENCE CLUB

The Science Club meets monthly to explore topics of interest in the area of science. In the past, members have held fund raisers such as sales of jewelry, calendars and candy to finance trips. Some of the trips included are the Science Museum of Minnesota, the Environmental Learning Center at Ely, Hawk Ridge at Duluth and the Local Sewage Treatment Facility.

Members have the opportunity to travel on special field trips that are otherwise not a part of the school curriculum.

FHA (Future Homemakers of America) is one of the nation's largest vocational student organizations. FHA provides opportunities at district, state and national levels to develop leadership skills by cooperative and competitive activities.

FHA *isn't* cooking and sewing. It helps members understand themselves and others, select careers, increase confidence, identity and solve problems, develop interests, and become leaders.

FHA is the link between school and the community. FHA makes the community aware of the positive side of youth and its activities.

FFA

The FFA (Future Farmers of America) is an intricate part of the vocational agriculture program. Through classroom instruction and FFA contests in land judging, dairy products, cow clipping, farm management, and livestock judging the student receives a balanced and well rounded experience in the agricultural field. But all work and no play is not the answer either. The FFA go snowtubing and have a Christmas party where broom-ball is played and lunch is served.

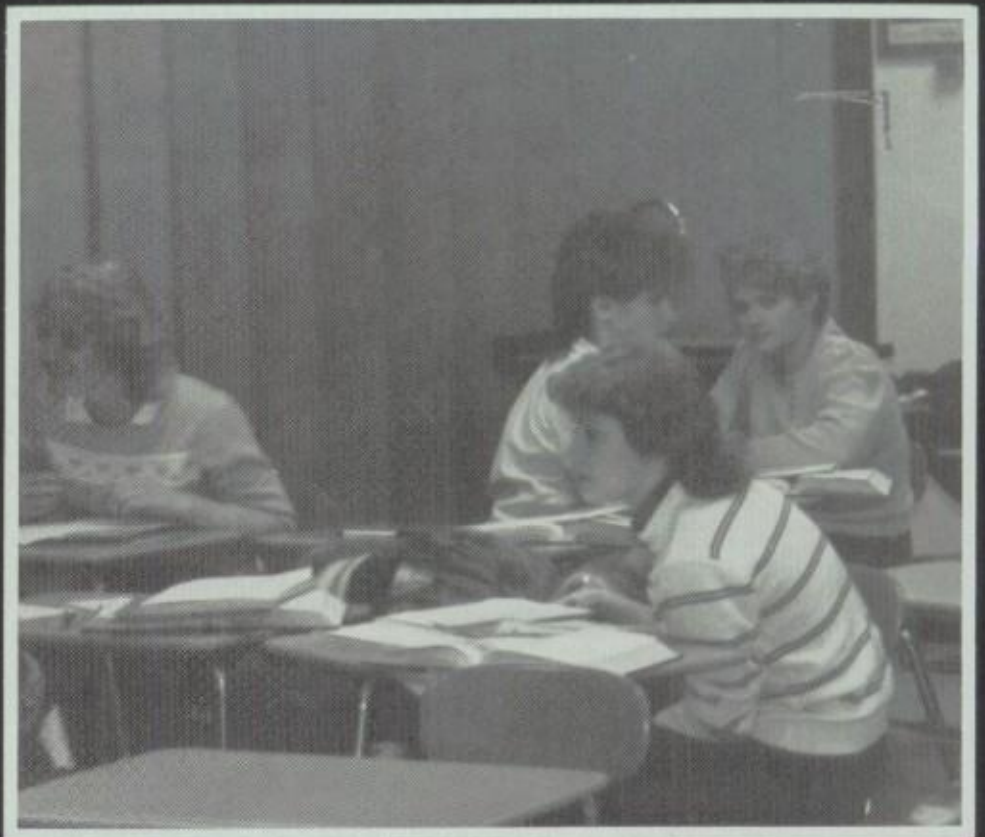

The main fund raiser is the fruit sales, they also have had raffle sales and three years ago they brought Donkey Basketball to Albany for an exciting evening of fun and relaxation.

REACH OUT AND RUIN SOMEONE!

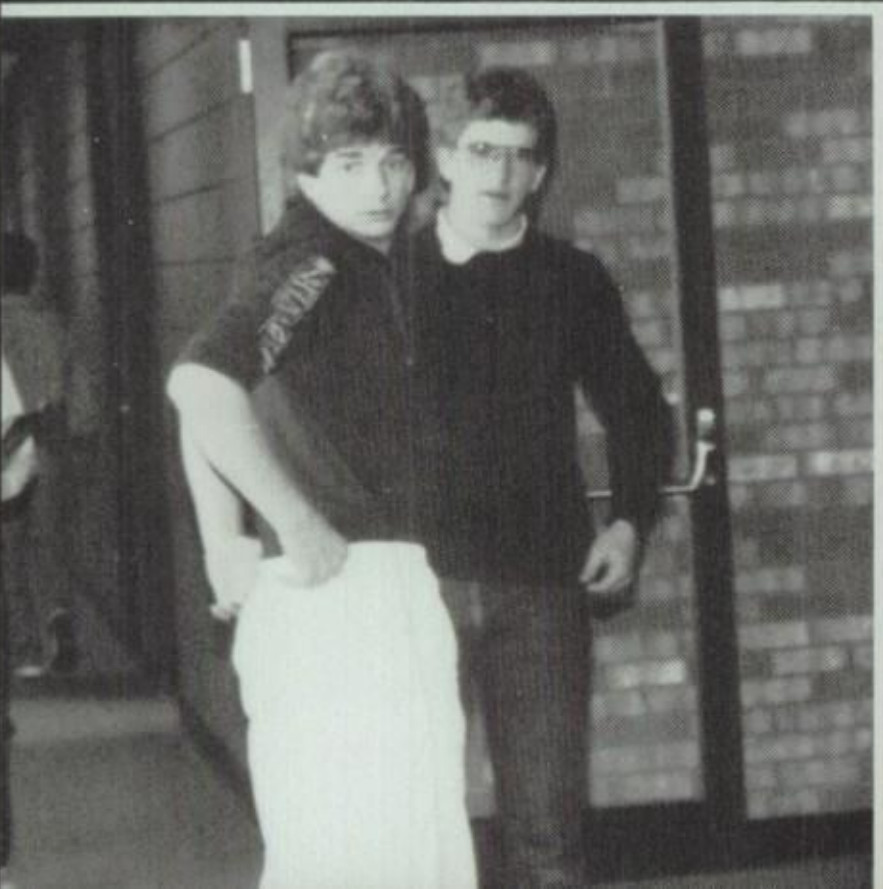

THE DAY: As the day begins, a female student notices that both Mary Lou Brown, and John Downing are absent. She runs to find her best friend to find out just what she thinks about the whole situation.

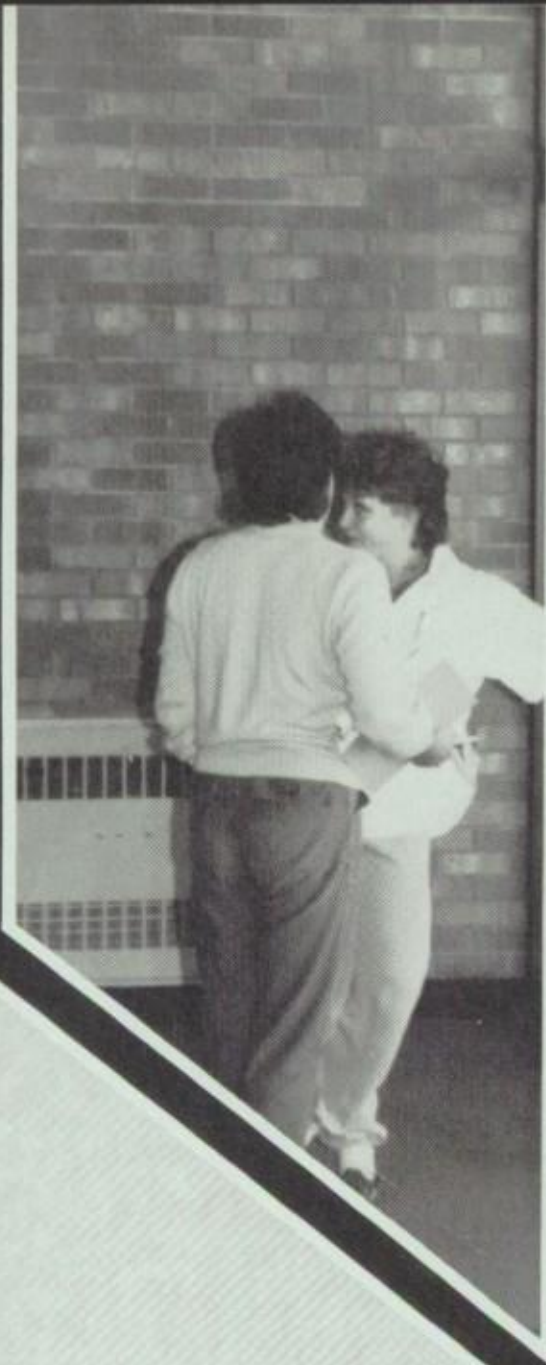

It all starts as a **simple, unconfirmed** rumor at 8:30 in the morning.

By noon hour, half the school has already been informed about the new development.

As the bell rings at the end of the day, the **simple, unconfirmed** rumor has now been blown totally out of proportion. The entire school has already heard the rumor at least twice, and the people the rumor is about are ruined.

It's called gossip!!!

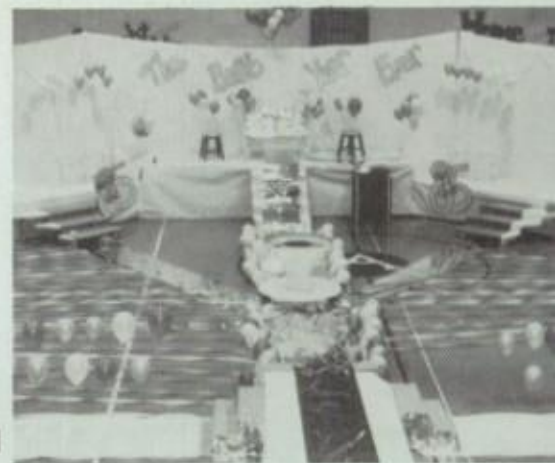

THE DAY AFTER: When the bell rings at 3:20 that same day, the story has now been blown totally out of proportion. Mary Lou Brown and John Downing are now married, have run away to California, and are planning to start a huge family. Gossip has run its course!

SNO

DAZE

As the coronation gym showed, the 1985 AHS Sno-Daze was "The Best Year Ever."

Sno-Daze week got off to a good start with lots of enthusiasm and Monday showed that the students at AHS have a lot of pep when it was "Be Yourself Day."

Tuesday was even better when the students dressed as tourists for "Tourist Day."

The students really opened new possibilities for the world of hairdressing when each came in their own unique hairstyle for "Hairdo Day." It was a colorful experience!

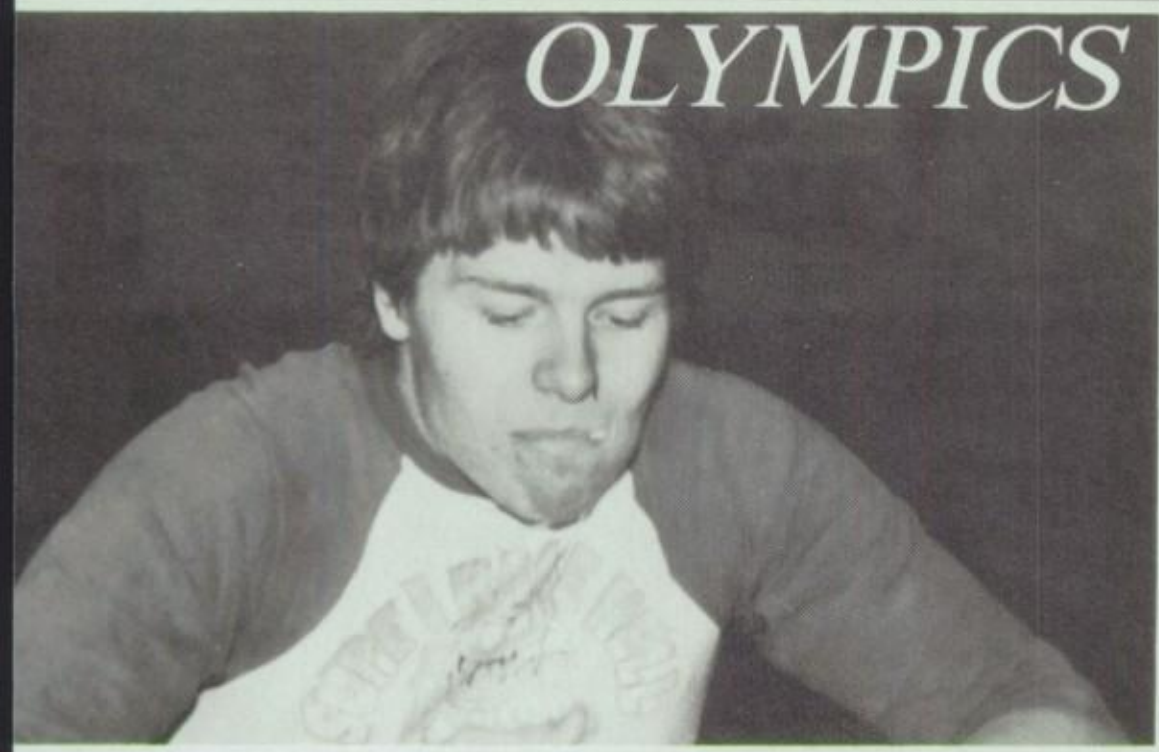

You could just see the excitement building in the classes on Thursday which was "Olympics Day." All of their energies were used up on games like the obstacle course, the cotton drop, and various other excitements. The Seniors, however, learned a very meaningful and valuable lesson about "FAIRNESS" from Mr. Griffith.

Friday came and all of the students were real excited to find out who the 1985 Sno-Daze King and Queen were. The gym was decorated in a record time of only 5 hours and then the coronation ceremony began.

A lot of good skits were given and Beth and Chris did a good job being the MC's. Nancy Buerman and Mike Gill became our Sno-Daze Queen and King and the night ended perfectly with the "SWITCH" band playing for the dance.

We came here together from near and far, all as friends of one another. Through all the years we the Class of '85', learned how to share, live, and laugh with each other. Most important of all, we the Class of '85' shared our dreams, told our joys, shed some tears of good times and bad, but most importantly, we did it all together. Now it is time to say good-bye to our friends, THE CLASS OF '85'. We now leave behind us the memories of what life was like at Albany Senior High. Dear Friend, from the Class of '85', even though we leave this school together and go our own separate ways, you'll still remain a part of me ALWAYS!

Good-bye my friend THE CLASS OF '85'
